

TASTEBUDDS EDIBLE FLAVORS

FOR GUMMIES, CANDIES, & EDIBLES

Our TasteBudds Edible Flavorings products are created to specifically work in a variety of infused edible applications, including but not limited to: gummies, hard candies, tinctures, and flavored topicals.

Crafted for Chefs, Designed by Experts

Building a gummy, chocolate, tincture, or other edible treat? Our new **TasteBudds Edible Flavors** are designed by credentialed flavor chemists with culinary and confectionary experts like you in mind.

Our Edible Flavors are three times as concentrated as other similar flavor oils found on the market today, minimizing the volume of flavoring you'll need in building your products.

Recommended usage rate is 0.1 - 1.0% w/w.
